This category lists articles related to the negative effects of human activity on the human health and on the environment.

### **Category:Environmental issues - Wikipedia**

There are many environmental issues in India. Air pollution, water pollution, garbage and pollution of the natural environment are all challenges for India. Nature is also causing some drastic effects on India. The situation was worse between 1947 through 1995. According to data collection and environment assessment studies of World Bank experts, between 1995 through 2010, India has made some of ...
