These disparities are growing despite the fact that over the past two decades, closing the test-score gaps between affluent and poor children has been a central aim of national education policy, as embodied in President George W. Bushâ€™s No Child Left Behind law and President Barack Obamaâ€™s Race to the Top program.

Helping Children Succeed â€“ What Works and Why

A selective, annotated collection of the collection of the best Web links for students of General Chemistry.

General Chemistry for Students - Steve Lower's Web pages

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.
