The 50-episode anime series Digimon Frontier, produced by Toei Animation in 2002, is the fourth series in the Digimon franchise. It does not follow the plot of any of its three predecessors, Digimon Adventure and Digimon Adventure 02 or Digimon Tamers. Instead, the story features five children who are prompted by unusual phone messages to go to a subway station and take a train to the Digital World.

Digimon is a popular Japanese media and merchandise created by Bandai (originally conceived by Akiyoshi Hongo), which includes anime, manga, toys, video games, trading card games and other media. Digimon, the lifeforms the series revolves around, are monsters of various forms living in a "Digital World", a parallel universe that originated from Earth's various communication networks.
