Gender and Family in Contemporary China 3 Traditional Chinese Family and Gender Roles Family, a group of individuals connected by either marriage or blood, is the most elementary social, economic, and residential collective unit in most human societies. While family as a social

Gender and Family in Contemporary China

Butler's recent views on gender, which I will argue, fail to be a convincing synthesis of Freudian and Foucauldian views. In *The Psychic Life of Power* (1997a), Butler writes about gender not only to deconstruct other modern theories of gender, subjectivity and the self, but to present her own, arguably modernist, theory of gender based on an

Butler, Subjectivity, Sex/Gender, and a Postmodern Theory

gender experiences, politics and everyday life across early modern Germany. For this was anything but a "traditional" society, in which the interpretation of norms was clear-cut and static, and authority easy to obtain.

Gender in Early Modern German History

gender is the social elaboration of biological sex. Not surprisingly, social norms for heterosexual coupling and care of any resulting children are closely intertwined with gender.
